FLABBERGASTING MUSIC

MOZART, BARTOK, ENESCU & many others

APRIL 27 & 28 at a venue near YOU!

NESCIO ENSEMBLE from Holland is a young, passionate string orchestra made up of friends brought together by their love of music. Their enthusiasm is contagious and has brought them close to their audiences everywhere.

Their concerts and tours are self-organised and not for profit. Playing in the ensemble gives the musicians the chance to play repertoire that they love, together with their friends.

Among the pieces they will perform in these concerts are movements from Mozart's well-loved Quintet KV515, the fantastic Enescu Octet and Mendelssohn's violin concerto.
